Subject: SPIE Laser Damage Paper 12726-71: Official Acceptance Notification

Dear Robin Yancey,

Congratulations! The chairs of the upcoming "Laser-Induced Damage in Optical Materials 2023" conference have accepted your paper, "**Deep learning model for prediction of laser-induced damage growth on NIF optics**," for Poster presentation. SPIE Laser Damage will be held in person in Dublin/Livermore. We look forward to seeing you or your presenter there!

EVERY poster must have a PRESENTER. If you have more than one poster scheduled within the same poster session, please schedule a presenter for each poster presentation. If the designated presenter is unable to travel and present in person, we ask that you arrange for a replacement presenter and mark that person as the speaker in your account.

PRESENTATION DETAILS

SPIE Laser Damage Meeting Information: <https://spie.org/LD>

Meeting Dates: 17 - 20 September 2023

Conference: Laser-Induced Damage in Optical Materials 2023

Conference Program: <https://spie.org/LD23>

- **Paper Number:** 12726-71: Deep learning model for prediction of laser-induced damage growth on NIF optics
- **Presentation Type:** Poster
- **Poster Guidelines:** <https://spie.org/LD/poster-presentation-guidelines>
- **Poster Session Start Date/Time:** 20 September 2023 1:50 PM
- **Poster Slam Start Date/Time:** Session before your poster session
- **Poster Session Duration:** 60 minutes (stand by your poster to answer questions)
- If you have multiple posters within the same poster session, please find a presenter for each

PROGRAM UPDATES

- Check your presentation details by visiting <https://spie.org/LD23> and clicking on your presentation title to see the abstract and presenter biography submitted
- If either are missing or need to be updated, log in to <http://spie.org/myaccount> to update
- If the presenter changes, please update your submission or let us know by **1 September 2023**

IMPORTANT DATES

This is an in-person meeting. Please make sure you have a designated presenter traveling to Dublin/Livermore.

Submission system opens for manuscripts and poster PDFs 17 July 2023

Presenter changes deadline 1 September 2023

Poster PDFs due for spie.org preview and publication 23 August 2023

Manuscript deadline 11 October 2023

Hotel reservation cutoff 17 August 2023

Registration fees increase after 1 September 2023

Poster Slam slide presentation advance upload deadline 15 September 2023

REGISTER: <https://spie.org/LD/registration-info>

- The contact author or speaker is required to register before the contact author can upload content
- All authors attending the conference must register (**including invited and keynote speakers**)
- Full-time student authors should register as students
- Early-bird cut-off is 1 September 2023 (rates increase after this date)

HOTEL: <https://spie.org/LD/hotel-and-travel>

- Reserve your hotel room in SPIE-contracted hotels for discounted rates. Attendees receive discounted convention rates by reserving their hotel room through the official housing reservation system for SPIE Laser Damage.

VISA AND INVITATION LETTERS: <https://spie.org/LD/visa-information>

- Plan ahead and apply for a visa if needed, using the instructions on the visa information page.

MANUSCRIPTS DUE: 11 October 2023

- Manuscript guidelines: <https://spie.org/LD/manuscript-submission-guidelines>
- Manuscripts will be published and archived in the conference proceedings on the SPIE Digital Library
- Only the person marked as Contact Author can upload content

EXPECTATIONS OF POSTER PRESENTERS: <https://spie.org/LD/poster-presentation-guidelines>

Prepare two types of posters, plus slides:

- Bring a printed poster to present live in person at the meeting
- Upload a poster PDF by **23 August** for attendee preview and publication*
- Prepare a maximum of 3 slides uploaded in advance and saved on a USB drive to present during your 2-minute poster slam presentation

*Poster PDFs will be available for on-demand viewing in the online program during the conference and will be published and archived after the meeting in the conference proceedings on the SPIE Digital Library

QUESTIONS?

If you have any questions about the meeting or the schedule, contact me: larac@spie.org. Manuscript and poster publication questions should be directed to the Proceedings Coordinator for this volume, Natalie Bruner at natalieb@spie.org.

Many thanks,
Lara Childers
